City of McBain Seeking Public Input Through Online Economic Survey

McBain, MI – The City of McBain is looking for public input to help guide the City for future economic development and growth. The City recently conducted a successful Community Survey, this new Economic Survey focuses strictly on economic needs for residents and businesses in the McBain area.

For the Economic Survey, the City will be mailing surveys out and will also make the survey available online. Survey results will be used to identify economic priority issues within the community. The City will also use a separate online questionnaire to survey local high school students as the City wants to hear from our next generation. Assistance in developing the survey is being provided by Networks Northwest.

Community members can access the survey at www.cityofmcbainmichigan.com or directly at www.surveymonkey.com/r/mcbaineconomicssurvey. For questions and comments about the Economic Survey, or to receive a hard copy of the Survey, please visit the City of McBain City Clerk at 231-825-2000, or Networks Northwest (see contact information below). All surveys must be submitted by April 6.
