About PTAC

Ninety-eight Procurement Technical Assistance Centers (PTACs) form a nationwide network of dedicated procurement professionals working to help local businesses compete successfully in the government marketplace. PTACs are the bridge between buyer and supplier, bringing to bear

their knowledge of both government contracting and the capabilities of contractors to maximize fast, reliable service to our government with better quality and at lower costs.

The Procurement Technical Assistance Program (PTAP) was authorized by Congress in 1985 in an effort to expand the number of businesses capable of participating in the government marketplace. Administered by the Department of Defense, Defense Logistics Agency (DLA), the program provides matching funds through cooperative agreements with state and local governments and nonprofit organizations for the establishment of Procurement Technical Assistance Centers (PTACs) to provide procurement assistance.
