February 09, 2015

Dear Michigan Works! Agency (MWA) Directors:

The Welfare Reform monthly report includes information for the Partnership. Accountability. Training. Hope. (PATH) Program and the Food Assistance Employment and Training (FAE&T) Program. Fiscal Year (FY) 2015 PATH Program Section A contains information on Custodial Parents. Section B covers FAE&T Program information. Section C highlights Timeliness of Data Entered. This report includes FY 2015 information from the MWA data extract containing December participant data.

The following three sections present current information:

- Section A - Custodial Parent Information for PATH
- Section B - FAE&T Program Information
- Section C - Timeliness of Data Entered

Section A, Table A-1 highlights applicable Custodial Parent information for referrals, participants, number that attended an activity, total employed full-time, and Temporary Assistance for Needy Families case closure due to income for the time period covered. Table A-1.1 provides an unduplicated count of all referrals and participants. Individuals who receive Welfare Reform services multiple times during FY 2015 count only once on Table A-1.1.

Table A-2 provides a copy of the report, "Michigan Works! Agencies Ranked by Employment Rate," for the time period October 1, 2014, through December 31, 2014.

Table A-3 shows the ranking of MWAs on the cost per employment measure. Total cumulative expenditures, excluding supportive service expenditures, divided by the total number of individuals who entered employment produces the cost per employment statistic.

Section B, Table B-1 provides referral, participant, activity, outcome, and activity type information for the FAE&T Program. Table B-2 shows MWAs ranked by employment rate.

Section C, Table C-1 provides a timeframe on how long it took to enter Date Attended Orientation into the One-Stop Management Information System (OSMIS). Table C-2 provides a timeframe on how long it took to enter Assigned to Triage into the OSMIS.

MWA Directors
Page 2
February 09, 2015

Table C-3 provides a cumulative total of activities with actual hours entered, number entered by the 15th of the following month, and percentage. Table C-4 identifies the number and percentage of PATH Participants with an assessment score.

Table AEP 1 shows the disposition of individuals who did not attend general orientation. AEP 1.1 provides the disposition of individuals who attended general orientation.

Sincerely,

Signed

Christine Quinn, Director
Workforce Development Agency, State of Michigan

DEFINITIONS

The following definitions apply to the report:

DHS Referrals - An individual for whom the Department of Human Services (DHS) transmitted a completed referral into the OSMIS, and the date of that referral falls within the period covered by the report.

Participants - Application Eligibility Period (AEP) individuals who completed the AEP and the completion date falls within the period covered by the report, or non-AEP individuals who attended general orientation and the date of orientation falls within the period covered by the report.

Attended Activity – Refers to a subset of participants, reflecting the number of participants who attended an activity after orientation or AEP completion. This includes participants who attended individual orientation.

Employed - A participant with an activity code of unsubsidized job entry. The job should: (1) last 90 days or more, (2) pay at or above the minimum wage, (3) last for at least the minimum number of hours required to meet participation requirements, and (4) fall within the period covered by the report.

Rate (Percentage) - The number of participants employed divided by the number of participants. Two parents, with one parent in holding, count as one participant for the purpose of determining employment rate.
