## Be a Part of the Pure Michigan Tourism Industry: Things You Need to Know and Do!

As a part of the implementation of the 2012-2017 Michigan Tourism Strategic Plan (MTSP), the tourism industry is eager to help Michigan's niche activities and attractions learn more about how they can get involved with industry efforts and more effectively market themselves. We have therefore prepared this listing of things you should know and can do to become a more active member of the Pure Michigan effort. Most of the items are relatively quick and easy to complete, and many of them are free!
